

California Institute of Integral Studies

Wellness Fee Policy

(Approved by the Provost and VP-Finance, September, 2017; effective immediately; *new policy*)

The Wellness Fee is charged each semester to all registrants. This charge is reversed for registrants who drop all of their courses by the add/drop deadline. This fee funds wellness support services available for enrolled students. Services covered by this fee may include 1-1 counseling, group counseling, wellness coaching, yoga and other movement courses (and access to a regularly updated video library of these courses), wellness through the arts, speakers and workshops, and more. Most services are accessible at all CIIS locations (Mission Street and ACTCM campuses) and available through online platforms. The Wellness Fee is designed to offer holistic and whole-person services for students during their time at CIIS.
