Policies, Procedures and Documents: **Disability Accommodations**

CIIS complies with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act. Accordingly, no otherwise qualified disabled student shall, solely by reason of his or her disability, be excluded from participation in, be denied the benefits of, or be subjected to discrimination in any academic, research, counseling, financial aid, or other post-secondary-education program or activity that CIIS provides for all students. Students with disabilities must meet the requirements and levels of competency generally required of all students in the program. In order to assist students with disabilities in fulfilling these responsibilities of the program, every reasonable effort is made to accommodate special needs of such students.

Student Disability Services

Students who request accommodation for a disability must contact the Dean of Students. The Dean will advise you of the application procedures for accommodation and will assist you in complying with them. Any questions, requests for accommodation or access, or complaints regarding services for students or applicants with a disability as defined by law should be addressed to the Equal Opportunity Officer, who is also the Dean of Students. The Student Complaint Procedure, which is the process for resolving complaints regarding violations of this and other Institute policies, is set forth in the Student Handbook, which may be obtained by contacting the Dean of Students Office.
